

TEROLDEGO IGT VINEYARDS OF THE DOLOMITES

DRY RED WINE

2020

The wine derives from "Tiroler" and "Gold", or the Gold of Tyrol, which says everything about its precious calibre. It manages to be intense and soft at the same time, with a texture which only mountain reds can have. A Trentino with a sanguine spirit.

Serving Temperature: **16°-18 °C**

Characteristics: Body and balance in equal measure: a fruity red with great drinkability, with clear mineral notes, created for those who love elegant flavours and the right middle ground.

Food Matches: Red meats are definitely its favourite, but try it with pasta with tomato sauce. An alternative? A platter of mature cheeses.
