

2022 POLISH HILL RIVER RIESLING

PAULETT'S CLASSIC REGIONAL RANGE WINES

VARIETY	100% Riesling			
FRUIT SOURCE	Polish Hill River in the Clare Valley			
VINTAGE	<p>The best winter rains for some years, meant vines came out of dormancy into bud burst with the soil profile full of moisture. An official La Nina weather event led to cool, wetter than average spring, leading to good canopy growth. Some minor frost damage occurred at our Watervale vineyard in October. Most of the flowering occurred late November early December during a rare dry calm period of weather, leading to good fruit set and an above average crop. December was very dry with less than 1mm recorded. We had above average rainfall in January and February, which really helped the vines through veraison leading to the biggest crop loads since 2017. March and April remained dry, which was perfect for the bulk of our harvest.</p>
