
BIRD'S EYE VIEW

Our Bird's Eye View Shiraz rises with the early morning sun over the world renowned McLaren Vale - quietly watching over corridors of precious vines and lush rolling hills. This is a wine that embodies growth, tranquility and the spirit of flight.

TASTING NOTES

Produced from low yielding McLaren Vale vineyards, this wine was matured using a combination of American and French oak to highlight the varietal characteristics.

Lifted aromas of red currant and raspberry, with underlying violets and vanilla. Red fruit flavours and spice continue on the palate and combine with subtle oak and soft tannins to produce a perfectly balanced Shiraz. BEV is the ideal partner for roast lamb or a summer barbeque with friends.
